

ROSALINDA PROM

Graduate Front-End Developer

@rosalie_dev | rosalinda.prom@gmail.com | 0423110388 | [developerpeachy.github.io](https://github.com/developerpeachy)

SKILLS

JavaScript | TypeScript | User Experience Design | Human Centered Design Methods | Hybrid App Development | Public Speaking | JAM Stack Web Development | Git tools | Prototyping | Teamwork | Teaching | Tutoring | Leadership | Ethereum | Blockchain | AGILE | ReactJS

EXPERIENCE

AlphaWallet, Sydney – StoryTeller, Web Developer.

August 2019 – Current

- Developed and prototyped many web applications using JAM stack.
- Designed and collaborated with many Blockchain enthusiasts to use TokenScript technology in Ethereum native digital wallet.

University of Technology, Sydney – Student Representative

June 2017 – Current

- Handle future student queries and concerns with UTS courses and offers in the Faculty of Engineering and IT.
- Facilitate STEM workshops with school students and publicly talk about UTS' course offerings, pathways and personal study experiences.
- Calling students, performing data entry and running small workshops.

CSIRO/Data61, Sydney – Intern Software Developer & Blockchain Researcher

June 2018 – December 2018

- Created immersive and interactive data visualisation displays with blockchain data and graphics technology. Main technology used were Unity3D, Game Development theory, JSON, Web Sockets and C Sharp.
- This tool I created was a proof of concept to educate people about Ethereum blockchain.
- Researched and developed data structure of Ethereum and cross relate it to current gaps and trends in blockchain.

DigiGround, Sydney – *Intern Hybrid App Developer*

June 2017 – December 2017

- Developed front-end of an Ionic hybrid mobile application with my team. I was mostly responsible for the iOS development.
- Collaborated with designers, stakeholders and other developers to ensure development team met the needs of the client.

EDUCATION

University of Technology, Sydney – *Bachelor of Science in Information Technology.*

March 2016 – Current, Sydney.

- Major in Interaction Design.
- Programmed a Swift game and augmented reality app using ARKit. Grade: High Distinction.
- Designed a Transport for NSW proof-of-concept app which crowdsources information on alerts and disruptions. Grade: High Distinction.

TAFE, Ultimo Sydney – *Diploma of Software Development*

March 2016 – December 2016, Sydney.

- Created a Human Resources Management System using Telerik UI widgets, ASP .NET, SQL and C Sharp.

VOLUNTEERING & ACHIEVEMENTS

- **July 2019** – Completing the Arduino for Interactive Design Summer Course, Berlin Technical University (TU Berlin) Score: High Distinction.
- **May 2019** – **Current** Volunteer Mentor for Coding Dojos, MusesCodeJS.
- **March 2019** – **Current** Volunteer Community Builder, Bitfwd Australia.
- **April 2019** – Volunteer Panelist for Community Building in EDCONF (Ethereum Developer Conference).
- **January 2019** – **February 2019** – Completed the UTS BUILD program in Tokyo, Japan.
- **January 2019** – **Current** – Vice President of Interaction Design & Games Society UTS.
- **November 2018** – **June 2019** – President of the Programmers' Society (ProgSoc) UTS.
- **November 2018** – Women in Engineering and IT delegate in European tech conference: "Perspektywy Women in Tech" in Warsaw, Poland.
- **September 2018** – **Current** – Code Like a Girl AU Volunteer Assistant
- **September 2018** – Volunteer Instructor and facilitator of NVIDIA VR Holodeck.
- **August 2018** – Participant of EOS Hackathon.
- **May 2018** – Second place in Code2Learn hackathon by ProgSoc UTS.
- **October 2017** – Lucy Mentoring Program Completion.
- **June 2016** – Thoughtworks LevelUp program participant.
- **February 2016** – Equity and Diversity Scholarship Scholar for UTS FEIT.
